

HOW IT WORKS:

Taking a Load Off Your Plate

Delight your team with convenient “grab and go” access to healthy foods so they can stay on site, stay properly fueled, and save themselves time and energy.

Provide a premium perk to employees without the worry, time and energy to manage that benefit. No more guessing which products are healthy and trying to decipher product labels. No more time spent shopping big box stores or Amazon trying to find exactly the right mix. Delegate this benefit management to Oh My Green.

SO HOW DOES IT WORK:

We get this question a lot “I’m unclear on how this works. How do make sure I get exactly what I need to keep my staff happy?”

It’s easier than you might think.

Basically, we try to take all the heavy-lifting on for you. We are ‘healthy snack and beverage’ curation experts. We have a team that validates each snack is healthy and meets our standards for having real, simple ingredients. They also taste test all the snacks (we know, they have a tough job, huh?).

Each month, we send you a variety of these snacks. No need to shop or select specific items for the office - it’s done automatically for you.

Then each month, after you receive your order, you can tell us which snacks the office loved, and you want to get every month and which ones were not a hit. We make it easy to vote. The next month we will automatically send you a new variety of snacks. We know that Snack Fatigue is REAL.

And one more thing - with the monthly snack box, we don’t make you sign a contract - so it’s easy to try out. We’ve set it up as a flexible monthly subscription. We also make it easy to skip orders or change your box size if you know you’ll have fewer employees around.

HOW TO GET STARTED:

Fueling the Team is as Easy as 1, 2, 3

ohmygreen.com/box/subscribe

Or we’re happy to help get you set up with any customized needs. Just email us at box@ohmygreen.com and we’ll get snacks shipped to you ASAP.
